

PRX-T[®]₃₃

PROTOCOL FOR STRETCH MARKS

BEFORE APPLICATIONS

AFTER 6 APPLICATIONS

DEEP STRETCH MARKS (DEPRESSED OR EMPTY TO THE TOUCH)

5-10 weekly sessions of PRX-T₃₃ alone, applied with the special spatula covered with a nitrile glove, 2-3 times along the lesion, as if you wanted to erase it, until it is clearly visible.

Between sessions, apply the WiQo ELASTICIZING ANTI-DRYING BODY CREAM every day at home.

WHITE AND PEARLY STRETCH MARKS

After proceeding as described above and obtained the raise of the lesion, continue with the microneedling procedure with 0.5 mm needles.

Repeat the treatment 3 to 5 times every 15 days.
